

The best thing you bring to leadership is your own transforming self!

People change incrementally... over time... with others... in the context of spiritual disciplines that open us to God. A *Transforming Community*® is a group of pastors and Christian leaders who commit themselves to nine quarterly retreats over twenty-seven months for the purpose of experiencing deeper levels of spiritual transformation.

Reclaim practices and experiences that spiritual seekers down through the ages have used to open themselves to God's transforming work.

WHO SHOULD ATTEND

- Senior pastors/clergy
- Members of your church's decision-making body (elders/deacons/vestry/session/consistory)
- Business leaders and influencers
- Leaders of ministry organizations
- Denominational executives

Create space for God

Each technology-free retreat includes extended silence and solitude so you can pay attention to what's going on in your own soul and learn to lead from that place.

Make time to listen and respond

This experience includes substantive teaching on spiritual formation themes and practices, guidance with spiritual disciplines, and significant engagement in community with other leaders and influencers from diverse backgrounds and theological traditions.

This program is grounded in Scripture and in the richness and diversity of our Christian heritage.
